From the CEO

Kashif Zubair

Dear Members and Friends,

Salam,

I hope this message finds you in high spirits. As we navigate the ever-evolving landscape of business and community, I wanted to take a moment to reflect on the remarkable journey of the Allied Muslim Chamber of Business (AMCOB) and to share our vision for the future.

In 2020, AMCOB emerged as a dynamic cause-driven force committed to cultivating a flourishing Muslim business community. Our diverse membership spans every sector and major U.S. city, representing companies of all sizes. What unites them? A shared ambition for exponential growth, and a relentless dedication to the hard work required to propel their organizations to new heights.

Looking ahead, our mission remains clear: to create a thriving Muslim business community. We are committed to creating opportunities, advocating for our members' interests, and contributing to the prosperity of the wider community.

In the coming months, you can expect exciting initiatives, networking events, and resources designed to help your businesses thrive. We will continue to collaborate with partners and stakeholders to advance our shared goals and create a better future for all.

I invite each of you to actively participate in our chamber's activities, share your insights, and engage with fellow members. Your involvement is crucial in shaping the direction and impact of our organization.

I would also like to express my gratitude to our dedicated staff members and volunteers who work tirelessly to support our mission. Together, we are building a stronger, more inclusive business community.

As we move forward, let us remember the teachings of our faith that emphasize compassion, integrity, and the importance of giving back. Let these values guide our actions and interactions, both within our chamber and in the broader business world.

Thank you for being an essential part of our vibrant community. Together, we can achieve greatness, empower others, and make a positive difference in the world.

Warm regards,
Kashif

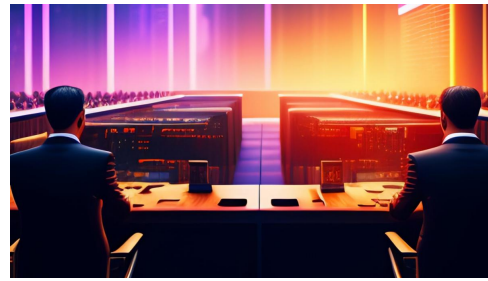

The second half of 2023 is shaping up to be a busy one for

businesses. Here are some of the top trends to watch:

The rise of the hybrid workforce:

More businesses are adopting a hybrid workforce model, where employees work both in the office and remotely. This trend is likely to continue in the second half of 2023.

The growth of e-commerce:

E-commerce sales are expected to continue to grow in the second half of 2023. Businesses that want to stay ahead of the curve need to have a strong online presence.

The increasing importance of data analytics:

Data analytics is becoming increasingly important for businesses of all sizes. Businesses that can collect and analyze data effectively will be better equipped to make informed decisions.

The focus on sustainability:

Sustainability is becoming a top priority for businesses. Businesses that can demonstrate their commitment to sustainability will be more attractive to customers and investors.

**How to Improve
Your Company's Culture**

A strong company culture is essential for any business that wants to succeed. Here are some tips for improving your company's culture:

- **Start with your values:** What are the values that are important to your company? Once you know your values, you can start to create a culture that reflects them.
- **Hire for cultural fit:** When you're hiring new employees, make sure they're a good fit for your company's culture. This will help to ensure that they're happy and productive members of your team.
- **Celebrate successes:** When your team achieves a goal, take the time to celebrate their success. This will help to build morale and keep your team motivated.
- **Provide opportunities for growth:** Your employees should have opportunities to learn and grow in their careers. This will help them to feel valued and engaged.

AMCOB is looking for passionate and motivated individuals to become Ambassadors. As an Ambassador, you will have the opportunity to represent AMCOB's interests, promote its mission and values, and build and maintain relationships with key stakeholders in your community and nationally.

Here are some of the key aspects of the role:

- Represent AMCOB at events in your local community
- Build relationships with Muslim business leaders, community organizations, and other influential individuals or groups
- Engage in networking and promotion
- Participate in AMCOB's quarterly dinner
